

16 and 17 May 2023

University Hospital Bonn Citizen Science Covid-19 Symposium

Lecture hall of the DZNE,
Bonn University Hospital
Venusberg-Campus 1 / C99
53127 Bonn, Germany

The Department of Clinical Neuropsychology of the Clinic for Neurodegenerative Diseases of the University Hospital Bonn, in cooperation with DZNE NeuroCOV, invites scientists, clinicians and citizens alike to an interdisciplinary symposium on Covid-19 citizen science.

Aims of the symposium:

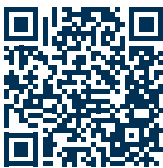

- Deepening the understanding of science and research among the general public
- Incorporate civil society into science
- Fostering the participants' capacity to act as a community and also to respond together to future challenges

For whom?

Scientists, clinicians, people affected by COVID-19 and interested members of the public.

Registration:

We would greatly appreciate your participation and support. Help us to gain a better understanding of the consequences of COVID-19.

Registration at:

<https://neurodeg.uni-bonn.de/neuropsychologie/bounce>

Registration March 15th to May 12th, 2023
